1. We have reviewed the draft paper which you had developed concerning the Agency's relationship and problems with GSA. You indicated you intended to have the DCI forward this paper to NAPA and GSA. I agree with its provisions and feel that it presents an accurate description of the problem. I have attached the revised version of a similar point paper covering our own Office of Security relationship with GSA in the protective services (FPO) area. This has been revised as you requested and coordinated with the Office of General Counsel. For your information, the Office of General Counsel questions whether or not we can use alternatives for exercising police functions, but does not dispute our ability to implement our own access controls.

I suggest that you consider folding the attached into the basic paper you intend the DCI to forward to NAPA and GSA.
